

# LDMglobal

eDiscovery, Forensics, Review, Cybersecurity

A trusted partner  
for more than 20 years

“Any time I needed something, LDM was there for me.  
The team was available at any time and would support me.”

- Associate, Offshore Law Firm

# Our Story

LDM Global was founded in 1996 in London as a scanning and photocopying company. As client needs and technology evolved, we expanded our portfolio of services while also expanding geographically. LDM Global now has offices in the United States, Caribbean, United Kingdom and Australia.

We have grown, but our commitment to customer service has remained. Operational hubs

in the United States, Australia and India allow our clients to benefit from English speaking support 24 hours a day, seven days a week.

LDM Global has successfully completed more than 5,000 projects in more than 40 countries working with law firms, corporations and government agencies.

We hope you will allow us to demonstrate our commitment to quality while working with you in the future.

“Based on the documents identified for us, we were able to make a fairly significant case strategy decision.”

- Managing Partner, U.S. Law Firm

# How we support you

## eDisclosure

LDM Global is technology neutral and recommends and offers support in multiple top data processing and review tools in our four global data centres

## Digital Forensics

Our forensics experts are the best in the business, providing ESI identification and preservation, analysis, forensics collections and expert witness testimony

## Managed Document Review

Led by a lawyer with 24 years of experience, these expert eyes have delivered more than 150 projects and over 15M documents, including foreign languages

## Cybersecurity

We protect our clients via vulnerability scans, penetration tests, gap analyses, employee education, Security Operations Centre-as-a-service and remediation
